BOOTH SET-UP

The color-coded move-in schedule details move-in times for all booths. To determine your move-in window, locate your booth on the floor plan and reference the color-coded move-in time in the legend. You may begin set-up according to the schedule, but should maintain a path through your booth until the end of your move-in window to accommodate any vehicles with your same move-in timing.

All booths, regardless of location must be completely installed by Thursday morning at 9 AM. There is a very small window for last minute booth touch-ups 8 AM-9 AM on Thursday morning. Only exhibitors with badge credentials will be allowed onto the show floor prior to the show opening at 10 AM.

North Wing Lobby exhibitors may only bring materials through marked exterior doors. Items requiring the use of a dolly or hand cart must be brought in through an overhead door in the South Wing or East Hall.

Exhibitors with smaller booths and no equipment may delay their set-up, provided the booth set-up is completed on time.

VEHICLE MOVE-IN

Any exhibitors displaying large equipment (truck, trailer, etc.) must adhere to the color-coded move-in schedule. Any equipment that cannot be moved in by the end of your move-in window will delay your installation or potentially be left out of the show, as well delaying other exhibitors which may subject you to additional expense. Please have all equipment cleaned and ready for move-in by your designated time.

When your equipment is ready to be positioned, please have your on-site coordinator check in as follows:

All shipments should be delivered to KEC several days prior to your scheduled move-in time to ensure that your shipment is received and delivered to your booth on-time. Please instruct your carrier/driver to report to the marshalling yard in the Prestonia Lot (Address: 978 Phillips Lane, Louisville, KY 40209). They will then be directed to the appropriate open dock to be unloaded.
